Prior to publication of your article, we require your written permission to publish your accepted article in *Organelle*. By providing your signature below, you acknowledge your and your co-authors' acceptance and/or certification of the following terms:

LICENSE TO PUBLISH: The author(s) hereby grant an exclusive license to Organelle Interface Publishing, which provides the Publisher the exclusive rights listed below. For multi-authored articles, the signatory confirms they are authorized by their co-authors to enter this agreement on their behalf:

- To publish the final version of the Article in *Organelle*.
- To reproduce, distribute, display, and store the Article in any format or medium, now known or developed in the future.
- To translate the Article into other languages, create adaptations, reprints, summaries, extracts, or derivative works.
- To deposit copies of the Article in online archives maintained by the Publisher or authorized third parties
- To license third parties to perform any or all of the above.

AUTHORSHIP RESPONSIBILITIES: The Author(s) warrant that:

- They are the sole authors and owners of the copyright.
- The Article is original, has not been published, and is not under review elsewhere.
- All necessary permissions for third-party material have been obtained.
- Nothing in the Article infringes on any rights or contains unlawful content.

OWNERSHIP: The ownership of copyright in the Article remains with the Author(s). Authors grant Organelle Interface Publishing the exclusive right to publish, distribute, and archive the work. Authors retain the right to:

- Use all or part of the Article in future compilations or for educational purposes such as lectures and presentations.
- Deposit the submitted, accepted, or final published version in institutional repositories, personal websites, or public archives, provided that the published version includes proper citation to the original source in *Organelle* with author name(s), article title, journal name, year of publication, and DOI.

CREATIVE COMMONS LICENSE: All articles in *Organelle* are published under the Creative Commons Attribution 4.0 International License (CC BY 4.0), which permits unrestricted use, distribution, and adaptation in any medium, provided the original authors and source are properly cited.
